This is a landing page after the user logs into the edforge platform.

Every user has a Home Module and the Other Modules below it. Those are the products offered by EdForge.

EdForge is a multi-tenant enterprise grade robust ABAC System with modern, elegant and intuitive presentation layer and application interfaces and natural elegant user experience.

These modules are robust ABAC and dynamic - based on the user roles and permissions in their tenant subscription.

Academics Module

Academics Module

There are 15 sub modules in Academics Module including Overview. Overview is a sub module common in all the modules. Overview is the landing page for Modules.
